

# Frivolit™

**Frivolit™ is an insulation cushion for gaps in doors and windows.**

Frivolit™ is made of recycled cotton and acrylic fibres enclosed in webbed polyester threads.

It does not disintegrate over time.

**Frivolit™ is free from CFCs and HCFCs and is a sustainable replacement for polyurethane foam.**

## Functions

- ✓ Insulation and cushion for door and window gaps

## Advantages

- ✓ Supple and flexible
- ✓ Free from harmful substances
- ✓ Adapts to different expansion gaps between the various components
- ✓ Easy to use

## Certifications and quality controls

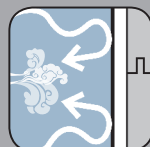

## Strengths

- ✓ Does not disintegrate over time
- ✓ Free from CFCs and HCFCs

Free from  
CFCs and HCFCs

Air-insulating
